DA2402 Data Curation and Visualisation Project

H Sanjana Bhat (DA25B042)
Bhavana B (DA25B005)
Bolleddula Eshita (DA25B008)

November 3, 2026

Statement of Contribution

All three members contributed equally to this project. The table below lists each member's primary area of responsibility, though the work on each part was discussed and reviewed together as a team.

Name	**Roll Number**	**Primary Contribution**
Bolleddula Eshita	DA25B008	**Data collection**: sourcing and downloading the RBI state finance figures, NFHS-5 indicators and NHM population projections, and compiling them into the combined raw dataset.
Bhavana B	DA25B005	**Data cleaning**: header restructuring, data type correction, outlier detection, missing value analysis and imputation. Preparing data dictionary and cleaning logs.
H Sanjana Bhat	DA25B042	**Data visualisation:** designing and producing the plots and figures used to explore and present the relationship between health expenditure and NFHS-5 outcomes.

Table 1: Primary contribution of each team member.

Declaration: All three members contributed equally to the overall project, including joint discussion of the research question, review of each other's work, and preparation of the final report.
